## MARXIST STUDENT FEDERATION

Meetings during term time: Every Monday,

ViewRoom 6, Level 4 of the Students Union, 18:00 to 19:30

Sheffield Marxist Society is linked to the Marxist Student Federation. Marxist Societies are being set up nationally with the aim of increasing political discussions for those interested in the views of Marxism.

We are not just a group of left activists that march about shouting revolution. Marxism is a science, not a catchphrase. We support action, but we understand that action has to be guided by theory. Through our regular discussions we can prepare ourselves to play an active role in the labour and student movement.

### We demand that the NUS:

#### **Oppose all cuts to education**

Oppose all fees and campaign for free education for all

#### **Campaign for abolition of student debt**

Campaign for the introduction of a living grant for students

#### **Campaign for the nationalization of the banks and major monopolies under democratic workers control**

Campaign for an expansion of student services so that everyone can study

**Link up with the Labour movement and fight for socialist polices within it**
